

How to choose your gloves size. _____

Glove size chart

→ Ergonomics/Comfort

To determine your motorbiking glove size please use a measuring tape. Without tightening, you need to measure the size of your hand palm, without thumb. Then, refer to the herebelow chart.

If you are in between two sizes we advise you to choose the smaller size.

Size of the hand		XS	S	M	L	XL	2XL	3XL
Palm size in inches	Lady	5	6	7	8	9	10	11
	Men	6	7	8	9	10	11	12
Palm size in mm		152	178	203	229	254	279	304
